We are therefore in favor of the free and unlimited coinage of both gold and silver on the basis now provided by law.

We condemn the Democratic House of Representatives for refusing to make the necessary appropriations for the construction of a suitable navy for the defense of our commerce and the protection of our citizens at home and abroad, and we perto make any appropriation for fortifications to protect our extensive sea coast while there was a vast surplus in the Treasout of employment

We again declare our constant sympathy with the just and consistent Republican policy and practice of granting out of the Nation's abundance generous pensions to the disabled veterans ministration to destroy silver as the Commissioner of the Gener- of our wars, whether for the country's defense or for the preservation of the Union. We protest against the removal from official places of worthy and disabled Union soldiers to make way for partisan civilians and ex-Confederates.

sections, but in the rural and sparsely settled districts, and as the education of pupils in the sparsely settled sections of the State is necessarily more expensive per capita than where a large number of pupils can attend the same school, such a division of the school money should be made as will furnish the means of education to all children in the State.

Expenditures beyond the means of private individuals are required for surveys, engineering, and the construction of reservoirs, canals, and other hydraulic works, for the purpose of irrigation in this State. We therefore favor liberal appropriations by Congress for surveys, both hydrographical and topographical, to asc riain how the waters of this State, which now run to waste in flood time, may be stored and utilized for the purpose of agriculture, to the end that when all the facts are known suitable aid may be obtained from Congress to en ble the Government of the United States to dispose of its lands, and to enable the people to settle upon and occupy the same.

XVII.

Resolved, That two year's experience has demonstrated that the present jury law which compels citizens, at their own expense, without regard to their pecuniary ability or the losses they may suffer, summarily to suspend their usual occupations, break their business engagements, travel long distances and uncertain period, and attend upa measure of unwise economy, often productive of great hardship and an unjust imposition of public burdens upon private individuals. We therefore demand of the next Legislature such legislation as shall secure to all citizens fair compensation men in the District Courts.

XVIII.

Resolved, that we point with pride and pleasure to the able and brilliant record made by our Senator in Congress, the Hon. John P. Jones, in his watchful and vigitant care of our interests upon all occasions, as are fully shown by his unanswera le speeches in Congress against the reduction of duties upon foreign manufacturers and foreign productions, which exposes in a masterly style and in a clear and forcible manner the free trade doctrines of modern Demorney. Hisable and exhaustive speeches upon the remonetization of silver, particularly in the last speech in Congress upon ticularly condemn it for refusing that subject, in which he has displayed more strongly his ability to render the abstruse subjects intelligent to the common mind. thereby replacing and upholdury, and thousands of laborers | ing the olo time-honored American Dollar of our fathers in its rightful position as a part of our circulating medium and purchasing power; and its logical and overwhelming arguments in favor of the passing of the Chinese Restriction and Exclusion Bill and amendments thereto during the last Cougress.

Resolved, That our able Representative in Congress, Hon. William Woodburn, des rves the united thanks of the people of this State for his constant zeal and watchful care over the true interests of the people of this State, and that we recognize in him an able statesman, a faithful Representative, and an honest man; and we say: "Well done, thou good and faithful servant; renewed honors await thee."

Resolved, That we are unrule" in Nevada, and entertain that the men who pay her taxes and whose homes and interests are identified with this State should control its politics.

Resolved, That we demand that the next Legislature shall poss laws in accordance with the plan known as the Nebraska MISCELLANEOU

In all cases of Bronchial and Pulmo nary Affections is AYER'S CHERRY PECTORAL. As such it is recognized and prescribed by the medical profession, and in many thousands of families, for the past forty years, it has been regarded as an invaluable household remedy. It is a preparation that only requires to be taken in very small quantities, and z few doses of it administered in the carly stages of a cold or cough will effect a speedy cure, and may, very possibly, save life. There is no doubt whatever that

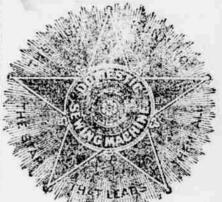

Aver's Cherry Pecteral

Has preserved the lives of great numbers of persons, by arresting the development of Laryngitis, Bronchitis, Pacumovia, and Pulmonary Consumption, and b the cure of those dangerous macales, should be kept ready for use in efamily where there are children, as it is a medicine far superior to all others in the treatment of Croup, the alleviation of Whooping Cough, and the cure of Colds and Influenza, siments peculiarly incidental to childhood and youth. Promptitude in dealing with all diseases of this class is of the minost importance. The loss of a single day may, in many cases, entail fatal consequences. Do not waste projous time in experimentian with medicines of doubtful officacy, while the mislady is constantly taining a ducper hold, but take at once the specifiest and most certain to cure,
